Date:	_____	Date:	_____

Ampteam Limited hereby warrants that materials used in the manufacture of Unifold® installed in the above project are free from defects in material, manufacturing workmanship and installation.

In the event that the material deteriorates to the point of failure because of weathering resulting from such defect in materials, manufacturing workmanship or installation within 25 years of the date of installation, Ampteam shall, upon receipt of written notice provided within 30 days of the discovery of such deterioration, promptly inspect the project installation to determine the cause of the same. In the event that Ampteam reasonably determines that deterioration is due to defect in material, manufacturing or installation workmanship, Ampteam shall at its sole option, either provide repair materials for the Unifold® or for a credit to be applied towards the purchase and installation of new materials.

To the extent that any damages are due to acts of God, natural disasters (including but not limited to strong gales, hurricanes, lightning, tornadoes and earthquakes) negligence, abuse, vandalism, repairs or alterations or attachments or additions to the project or war or civil disobedience and/or not directly arise from any defect in material or manufacturing workmanship, such damages are excluded from coverage under this warranty.

Ampteam shall have no obligation under this warranty until Ampteam, the material supplier and installation contractor have been paid for all materials, installation, supplies and service which are included in the project contract.

This is the entire warranty covering Unifold® and there are no other guarantees or warranties expressed or implied.
